**Hercules Technology Growth Capital Announces Its Tenth Consecutive Quarterly Dividend of \$0.30 Per Share**  
***Dividend Represents \$1.21 for the Year Ended December 31, 2007; 100% Resulted From Taxable Ordinary Income***  
***Cumulative Distributions Totaling \$2.725 Per Share***

PALO ALTO, Calif.--(BUSINESS WIRE)--Hercules Technology Growth Capital, Inc. (NASDAQ:HTGC), the premier specialty finance company providing venture debt and equity to venture capital and private equity backed technology and life science companies at all stages of development, today announced that its Board of Directors has declared a fourth quarter dividend of \$0.30 per share. The dividend will be payable on March 17, 2008 to shareholders of record as of February 15, 2008. Specific tax characteristics of all dividends reported will be reported to shareholders on Form 1099.

The determination of the tax attributes of the Company's distributions is made annually as of the end of the Company's fiscal year based upon its taxable income for the full year and distributions paid for the full year; therefore, a determination made on a quarterly basis may not be representative of the actual tax attributes of its distributions for a full year. For the year ended December 31, 2007, 100% of the Company's distributions resulted from taxable ordinary income.

**About Hercules Technology Growth Capital, Inc.:**

Hercules Technology Growth Capital, Inc. is a NASDAQ traded specialty finance company providing debt and equity growth capital to technology and life science companies at all stages of development. Founded in December 2003, the company primarily finances privately held companies backed by leading venture capital and private equity firms. Hercules invests in a broad range of ventures active in technology and life science industries and offers a full suite of growth capital products up and down the capital structure. The company is headquartered in Palo Alto, Calif. and has additional offices in the Boston, Boulder, San Diego and Chicago areas. Providing capital to publicly-traded or privately-held companies backed by leading venture capital and private equity firms involves a high degree of credit risk and may result in potential losses of capital.
