Hercules Capital Receives SBA Approval for Its Fourth SBIC License

SAN MATEO, Calif., July 17, 2024 – Hercules Capital, Inc. (NYSE: HTGC) (“Hercules” or the “Company”), the largest and leading specialty financing provider to innovative venture, growth and established stage companies backed by some of the leading and top-tier venture capital and select private equity firms, today announced that the U.S. Small Business Administration (“SBA”) has approved its fourth Small Business Investment Company (“SBIC”) subsidiary, following the Company’s prior receipt of its “green light” letter to submit an application to obtain a fourth license to the SBA committee.

“We are extremely pleased to receive approval from the SBA. Our long-standing partnership with the SBIC program remains an important and strategic component to maintaining a highly liquid and diversified balance sheet and it provides us with further flexibility to be able to continue to support small and growth-oriented businesses,” said Scott Bluestein, chief executive officer and chief investment officer of Hercules Capital. “Our fourth SBIC license enables us to continue to fund the needs of many innovative technology and life sciences companies seeking growth capital while helping to maintain our overall blended cost of capital by accessing favorable long-term financing.”

Hercules’ fourth SBIC license is held by a subsidiary of the Company and provides access to additional growth capital of \$175.0 million of long-term debentures, bringing Hercules’ combined borrowing capacity through the SBIC program to a total of \$350.0 million of capital.

The SBA program has played an important role within Hercules’ funding strategy since receiving its first SBIC license in September 2006. Hercules received exemptive relief from the Securities and Exchange Commission that allows Hercules to exclude SBIC leverage from applicable asset coverage limits.
